

MTP™-FC Trunk Cable 8FO

DESCRIPTION

MPO/MTP™ series offers the solution from trunk cables to extended trunk cables, to hybrid trunk cables, to cassette modules, to MPO/MTP™ adapter panels, to direct patch panels, to patch panels in both MPO/MTP™ classification of normal class and super low loss class.

FEATURES

- High return loss;
- Low insertion loss;
- Good repeatability and exchangeability;
- Excellent Polished and 100% tested;
- Complying with Telcordia, GR-326-Core, IEC and RoHS Standard.

APPLICATIONS

- Local Area Network (LAN)
- Data communication network
- Telecommunication optical transmission network
- Optical access network (OAN)
- Active device termination
- Fiber optics data transmission (FODT)
- Test Equipment
- CATV

SPECIFICATIONS

Parameter	Value
Fiber type	OS2
Cable jacket material	OFNR
Cable length	Total 10m, MPO/MTP™ 8m
Connector type	FC/PC
Polarity	Type A or Type B
Cable OD.	3mm
Fiber count.	8FO
