ODVA Adapter

DESCRIPTION

This adapter is designed to facilitate the connection between the ODVA connector and the device. It features a screw bayonet guide groove on one end for adapting the ODVA connector, and a threaded port with a hexagonal fixing nut on the other end for easy mounting onto the device.

FEATURES

- Features SC Simplex, LC Duplex, and MTP/MPO connectors.
- Provides moisture,dust resistance for tough industrial environments.
- Supports IP68 protection from salt mist, humidity, dust.
- Performs optimally across assemblies after rigorous testing.
- Comes in single or multimode for various fiber cables.
- Installation /removal via push- pull, bayonet latch simplifies process.
- Operates within -40 to +70°C for indoor and outdoor usage.

APPLICATIONS

→ Broadcasting
→ CATV
→ RRH Remote Radio Head

SPECIFICATIONS

Parameter	Valve
Waterproof Rated	IP67
Nut Material	Stainless
Adapter Type	SC Simplex, LC Duplex, MTP/MPO
Gasket Material	Silicone
Thermal Deformation Temperature	120°C
Temperature Variability Cycle	-40~+85°C
